AQUAESTIL

Kupaonice bez kompromisa.

Kupaonski namještaj postao je bitan i neizostavan dio svake kupaonice.

Stoga veliku pozornost poklanjamo kvaliteti i izboru materijala za njegovu izradu kako bi svaku kupaonicu učinili posebnom. Kupaonski namještaj koji Vam predstavljamo odlično se uklapa u sve kupaonske ambijente, a osvojiti će Vas svojim skladnim linijama, elegancijom ili pak jednostavnošću.

Većina modela kupaonskog namještaja Aquaestil izrađena je od oplemenjene iverice s rubovima kantiranim kvalitetnom ABS trakom i dostupna je u puno različitih boja i dimenzija. Elementi našeg namještaja opremljeni su naprednim značajkama kao što su „meko zatvaranje“ i „otvaranje na dodir“, a neka ogledala imaju mogućnost paljenja na dodir te ugrađeni sustav protiv magljenja.

Kupaonski namještaj rasporedili smo po linijama, no bitno je znati kako se svi elementi mogu međusobno kombinirati i zasebno kupovati.

Odabirom kupaonskog namještaja Aquaestil izabrali ste:

- Proizvode s **28 godina iskustva** utkanih u razvoj, dizajn i stalno unapređenje proizvodnih procesa.
- **Beskompromisnu kvalitetu** koja je rezultat uporabe provjerenih sirovina i stroge kontrole kvalitete.
- Uvijek dostupne **rezervne dijelove i servis**
- Proizvode u potpunosti **razvijene i proizvedene u Hrvatskoj**
